

## Please help save Michigan's Doves • VOTE NO ON PROPOSAL 3

Dear \_\_\_\_\_,

As we near Election Day 2006, I wanted to let you know that I will be voting **NO ON PROPOSAL 3** on Tuesday, November 7th.

Voting **NO ON PROPOSAL 3** will ensure that Michigan citizens continue our 100-year tradition of protecting the mourning dove, Michigan's official bird of peace. There is no good reason to shoot mourning doves as they are not over-populated, do not damage property or crops and are not a viable food source. Shooting mourning doves amounts to nothing more than live target practice. By voting **NO ON PROPOSAL 3** we can continue our 100-year tradition of protecting this wonderful backyard songbird.

I'm sure you agree that there's just no good reason to shoot doves! Please join me in voting **NO ON PROPOSAL 3** Visit the website [www.stopshootingdoves.org](http://www.stopshootingdoves.org) if you would like more information.

Sincerely, \_\_\_\_\_
